Biden "Getting Ready" For Dramatic Increase In Illegal Alien Crossings

The Biden Open Borders Cabal is preparing for the biggest Year-End Party in American History. Not satisfied with 6,000-8,000 illegals crossing EVERY SINGLE DAY from Mexico, the "illegal alien mob syndicate", seeming coordinated out of the White House, is now gearing up for more treachery at the expense of the American People.

With the Title 42 "Pandemic Border" regulations expiring this week, which allowed for immediate deportation of some illegal alien border jumpers back to Mexico or their home country, we can expect maybe 15,000 to 18,000 illegal aliens crossing PER DAY. We are talking about over 6.5 million NEW illegal aliens operating in our country in 2023, on top of the 25-35 million illegals already hiding in plain sight!

<https://straightarrownews.com/cc/biden-administration-prepares-for-end-of-title-42-while-being-urged-to-keep-it/>

<https://www.cnsnews.com/article/washington/susan-jones/national-security-adviser-we-are-working-through-what-procedures>

And when the word spreads globally about Title 42 Pandemic Policy termination, more and more aliens will follow suit.

Remember the old campaign slogan, "A Chicken in Every Pot"? Biden has modified it to "An Illegal Alien in Every Home" (seems to have learned from his Chinese Communist Party friends who have been inserting ethnic Han Chinese into Tibet and now Uyghur areas of Xinjiang to change Ethnic and Political dynamics).

The current Biden regime is actually pulling Federal Sky Marshals off commercial aircraft and sending them to the border to help process illegals for distribution around the country, as Biden refuses to declare a national emergency or even plug the holes in the very effective Trump Border Wall. TSA, FEMA and other federal agencies are begging for volunteers to go to the border to help process illegals entering the country to speed their release nation-wide.

So my fellow Marylanders, when thinking about Biden's immigration policies, does property tax increases, greater drug trade and deadly overdoses, overcrowded public schools and hospitals, depleted social welfare budgets, growing human sex slave trafficking, and increased crime, rape of minors, and gang violence come to mind?

Thankfully the Courts have stopped Biden from terminating the "Remain in Mexico" policy successfully developed by President Trump to keep illegals in wait on the Mexican side of the border until their court cases are ready to begin or things would be even worse, if that is possible!

Meanwhile, Drug Cartels, Human Sex and Labor Traffickers, crooked Mexican officials, Non Government Organizations (NGOs) and other groups like Ayuda, Casa of Maryland, Hebrew Immigrant Aid Society, Identity Inc., are making money hand over fist.

Mexico should be treated like an enemy state for allowing the flow of illegals through their country, and in many cases supporting them on the journey. NGOs like Catholic Charities, Jewish Family Services and even the United Nations High Commission on Refugees are helping Biden house (feed, cash cards, cell phones, prescription drugs, baby formula, clothing) and distribute the illegals nationwide. Selling out our country by facilitating the invasion and dispersal of illegals into our communities - All for the "Benjamins" as they say!

The timing may be right to reassemble the Minutemen Project and other Militia groups from every state, and send them to the border to stop this madness. If the U.S. Government will not stop the illegal alien invasion, the citizens of our great nation will have to act accordingly.

[Texas Governor Abbott Blasts Biden Regime for Border Invasion!](#)

Texas Governor Abbott seems to be one of the few Republicans in office concerned about the border invasion underway. Last month, he invoked sections of the U.S. and Texas Constitutions which allows him to take emergency actions to stop the flood of illegal aliens entering Texas and our nation.

Here is the letter Governor Abbott sent to Biden lambasting him about the growing invasion.

Democrats Step Up to Condemn Biden's Border Policies

West Virginia, California, Texas, Arizona, New Mexico, & NYC

West Virginia

OK, so maybe you are not a fan of Texas Governor Greg Abbott (R). Well how about this? West Virginia Senator Joe Manchin (D) has publicly asked Biden to extend the Title 42 program, in an effort to stem the influx of illegals and stop the chaos and carnage that will occur.

<https://www.cnn.com/2022/12/18/politics/title-42-extension-manchin-biden/index.html>

California

So has California Governor Gavin Newsom (D), who even went to the border in Arizona to survey the situation first hand. Joe was "too busy" to go himself. Newsom (who didn't realize that California like AZ shares a border with Mexico) stated California just can't handle anymore illegals.

It's a Miracle - It just hit Gavin that illegals actually cost taxpayers more to support then they actually contribute economically! Tourists contribute more economically than illegals in California because they go home!

<https://freebeacon.com/democrats/about-to-break-newsom-says-feds-are-overwhelming-california-with-immigrants/>

But not the illegal alien apologist Senator from California Alex Padilla (D) who thinks its all Trump's fault. Like most Democrats (and some Republicans) this joker wants Amnesty for illegals because that's going to solve the problem. Forget that nonsense. Only legal immigrants should be granted citizenship.

Arizona

The Democrat Mayor of San Luis, Arizona recently declared the illegal alien invasion a local emergency. His small town is totally overrun with released and "got away" illegals. Arizona Ranches are being overrun as well by "got away" illegal aliens.

<https://www.washingtontimes.com/news/2022/nov/28/illegal-immigrants-pour-through-gap-border-wall-ar/>

Texas

Even the Democrat Mayor of El Paso, TX, on the border with Mexico, has finally declared a national emergency. Fears of thousands of illegals being dumped daily by Biden on the streets of El Paso has the Mayor and citizens of El Paso quite concerned for public safety and health, and economic stability reasons.

<https://elpasomatters.org/2022/12/17/el-paso-mayor-oscar-leeser-declares-disaster-in-migrant-crisis/>

Things are so bad in El Paso that the City has created "[Situational Awareness Dashboard](#)" to track illegals in their jurisdiction on a 24/7 basis. The numbers are frightening.

New Mexico

Even the folks in border state New Mexico are nervous about the numbers of illegals coming into the United States! New Mexico's population is about 2.1 million, about 3-4 months of total illegal alien entries.

"Those who were apprehended and evaded capture in November alone (total figures) was greater than the individual populations of 421 out of 425 cities in New Mexico and greater than the individual populations of 28 of 33 counties, according to 2022 Census [data](#) analyzed by The Center Square." - See article link below

New York City

Let's not forget NYC Mayor Eric Adams (D) who has publicly expressed his concerns about illegals in NYC (but mind you he is OK with them voting in local elections). Adams packaged his concerns with a \$1 BILLION dollar request to Biden for aid to help care for the tens of thousands of illegals in NYC, with more in transit expected.

Charm City, Maryland

Well at least illegals "work" in Baltimore! Can't say that for others looking for handouts.

MS-13 illegal alien gang members are "working" hard in Baltimore (Racketeering is a job!). Remember illegals were invited to come to Sanctuary Baltimore by the parade of Democrat Mayors and City Council members because the black population was dropping like a rock. The politicians needed bodies, any bodies (preferably live bodies), to fill the empty houses, stores, parks and streets.

<https://foxbaltimore.com/news/local/3-ms-13-gang-members-convicted-on-multiple-racketeering-conspiracy-and-murder-charges>

Compare that to the Baltimore's squeegee kids who are demanding handouts in the form of guaranteed incomes! You can't make this up.

Here is Another WAKE UP CALL for Illegal Alien Supporters

I had the honor and pleasure of attending the play, "The Pianist of Willesden Lane" earlier this week in DC (Theater J on Q Street).

It's based on the life of Lisa Jura, a child piano prodigy born in Austria, who came to England as a refugee in 1938 as part of the Kindertransport rescue operation. Jura's actual daughter Mona, who is in her 70's now, stars in this one person play and piano concert.

If you recall your history, the Nazis entered Austria in 1938 and things went downhill fast for Jews. Jura's family had the opportunity to send ONE of their 3 children to England for safety, and Lisa was selected. I can't even image making that choice with my children.

It's an amazing story of personal strength and courage. Of the nearly 10,000 Jewish children who made it to England, few were ever reunited with their families after the war. Almost all perished in the Nazi implemented Holocaust.

Now compare this story to the hundreds of thousands of the so-called "Unaccompanied Minors" pushed across the border by families south of the border. No "Holocaust" was forcing them to leave their home countries like the Jews facing near certain death by the Third Reich.

Yet Democrats and illegal alien supporting religious groups and other organizations make it seem like a "South of the Border Holocaust" is underway and that illegals must be saved by our country. Sorry, but no.

These "unaccompanied minors" are nothing more than "Walking Anchor Babies" who are sent to gain access to America for economic reasons. Once established they work to bring the rest of the clan into America to use and abuse our economic, financial and social programs. A disgraceful situation and major scam which should be terminated immediately. Let's stop acting like we are "saving lives and families" by letting these unaccompanied minors in. Seal the Border.

Additional Stories of Grief

Can you imagine working for the Department of Homeland Security, Immigration and Customs Enforcement (ICE) since Joe Biden became President?

New Jersey

You come home from a hard day at the office and tell your spouse you were successful in arresting 43 illegal aliens in New Jersey, who were previously deported. Nice work until you turn on the TV to discover Biden has shipped thousands more illegals into New Jersey while you were out tracking down and making arrests for these 43 felons. Why do they even publish there press releases?

Bet you can't wait to go to work tomorrow! Staff morale at ICE and Border Patrol are at record lows while Biden continues to shatter records for allowing illegals to enter the country. In fact, DHS leadership has been "spreading the word" to effectively stop operations like this one in NJ as holding space is in short supply for the continuing tidal wave of illegals.

<https://www.ice.gov/news/releases/ice-ero-newark-arrests-43-noncitizens-criminal-convictions-and-previously-removed-us>

Arizona

Biden has even decided to sue the State of Arizona for using truck trailers loaded with weights as "border barriers" to block Border Wall openings along the Mexican border. They work quite well. Too well for Joe, as illegals just can't get in anymore along portions of the Arizona border. ICE and Border Agent morale in AZ is as bad, if not worse, then in NJ.

Not Enough Babies In America!

Democrat Senator Chuck Schumer is spreading the word that we are not "cranking out" enough American babies to fill the jobs being created in the Biden economy. We as parents are just not doing our "jobs" at home to fill the employment ranks.

You know, needed workers to make solar panels, wind mills and other high tech products, teachers for our schools, and IRS agents to catch middle class tax evaders. Oh yes, gardeners, fast food and restaurant workers, and home care nannies too.

According to Schumer, we must import more and more illegal aliens to fill those rolls. So what if these New Americans can barely read or write in their native tongue, let alone English. And the vast majority have sixth grade educations at best. We need workers!

NOTABLE QUOTE:

"The woke revolution is very funny because they don't own up to their own success and they never change. I'll give you an example. The southern border is not porous-it's completely destroyed. It doesn't exist. Federal immigration law has been completely nullified. It there is such a thing as an impeachable offense, surely Joe Biden should be impeached for destroying the border.

So they were successful in that revolutionary effort. But when you ask them about that, the don't want to take credit for it. I thought they would say, "Wow, that was great. We destroyed the border. No wall. We have three million illegal aliens that came in." But instead they say "No, the border is secure." In other words, they know that their revolution appeals to no one but this small clique.
