**"The Great Replacement?" - Biden's Demented Immigration & Border Policies
Bring Aliens, Drugs & Crime To America By Any Means Necessary
Maryland Citizens - Time To Vote!**

Maryland Citizens - Please Vote!

Early Voting - October 27 - November 3, General Election - November 8

Before you vote, please read this piece which was written back in 2004 by Richard D. Lamm, former governor of Colorado.

It's titled, "I have a plan to destroy America".

Does the Plan sound familiar? Ok, now do your Civic Duty and Vote!

"I have a plan to destroy America", by Richard D. Lamm

I have a secret plan to destroy America. If you believe, as many do, that America is too smug, too white bread, too self-satisfied, too rich, let's destroy America. It is not that hard to do. History

shows that nations are more fragile than their citizens think. No nation in history has survived the ravages of time.

Arnold Toynbee observed that all great civilizations rise and they all fall, and that “an autopsy of history would show that all great nations commit suicide.”

Here is my plan:

1. We must first make America a bilingual-bicultural country. History shows, in my opinion, that no nation can survive the tension, conflict and antagonism of two competing languages and cultures. It is a blessing for an individual to be bilingual; it is a curse for a society to be bilingual. One scholar, Seymour Martin Lipset, put it this way: “The histories of bilingual and bicultural societies that do not assimilate are histories of turmoil, tension and tragedy.

Canada, Belgium, Malaysia, Lebanon all face crises of national existence in which minorities press for autonomy, if not independence. Pakistan and Cyprus have divided. Nigeria suppressed an ethnic rebellion. France faces difficulties with its Basques, Bretons and Corsicans.”

2. I would then invent “multiculturalism” and encourage immigrants to maintain their own culture. I would make it an article of belief that all cultures are equal: that there are no cultural differences that are important. I would declare it an article of faith that the black and Hispanic dropout rate is only due to prejudice and discrimination by the majority. Every other explanation is out-of-bounds.

3. We can make the United States a “Hispanic Quebec” without much effort. The key is to celebrate diversity rather than unity. As Benjamin Schwarz said in the Atlantic Monthly recently, “The apparent success of our own multiethnic and multicultural experiment might have been achieved, not by tolerance, but by hegemony. Without the dominance that once dictated ethnocentrically, and what it meant to be an American, we are left with only tolerance and pluralism to hold us together.”

I would encourage all immigrants to keep their own language and culture. I would replace the melting pot metaphor with a salad bowl metaphor. It is important to insure that we have various cultural sub-groups living in America reinforcing their differences, rather than Americans emphasizing their similarities.

4. Having done all this, I would make our fastest-growing demographic group the least educated. I would add a second underclass, unassimilated, undereducated and antagonistic to our population. I would have this second underclass have a 50 percent dropout rate from school.

5. I would then get the big foundations and big business to give these efforts lots of money. I would invest in ethnic identity, and I would establish the cult of victimology. I would get all minorities to think their lack of success was all the fault of the majority. I would start a grievance industry blaming all minority failure on the majority population.

6. I would establish dual citizenship and promote divided loyalties. I would “celebrate diversity.” “Diversity” is a wonderfully seductive word. It stresses differences rather than commonalities. Diverse people worldwide are mostly engaged in hating each other—that is, when they are not killing each other. A “diverse,” peaceful or stable society is against most historical precedent. People undervalue the unity it takes to keep a nation together, and we can take advantage of this myopia.

Look at the ancient Greeks. Dorf’s “World History” tells us: “The Greeks believed that they belonged to the same race; they possessed a common language and literature; and they worshiped the same gods. All Greece took part in the Olympic Games in honor of Zeus, and all Greeks venerated the shrine of Apollo at Delphi. A common enemy, Persia, threatened their liberty. Yet, all of these bonds together were not strong enough to overcome two factors ... (local patriotism and geographical conditions that nurtured political divisions ...)” If we can put the

emphasis on the “pluribus,” instead of the “unum,” we can balkanize America as surely as Kosovo.

7. Then I would place all these subjects off-limits—make it taboo to talk about. I would find a word similar to “heretic” in the 16th century that stopped discussion and paralyzed thinking. Words like “racist”, “xenophobe” halt argument and conversation. Having made America a bilingual-bicultural country, having established multiculturalism, having the large foundations fund the doctrine of “victimology,” I would next make it impossible to enforce our immigration laws.

I would develop a mantra —“because immigration has been good for America, it must always be good.” I would make every individual immigrant sympatric and ignore the cumulative impact.

8. Lastly, I would censor Victor Davis Hanson’s book “Mexifornia” —this book is dangerous; it exposes my plan to destroy America. So please, please—if you feel that America deserves to be destroyed—please, please—don’t buy this book! This guy is on to my plan.

“The smart way to keep people passive and obedient is to strictly limit the spectrum of acceptable opinion, but allow very lively debate within that spectrum.”
—Noam Chomsky, American linguist and U.S. media and foreign policy critic.

"The Great Replacement?" -- What Else Could It Be?

In May 2022, current Democrat Senate Majority leader Chuck Schumer (D-NY) sent a shameless and self-serving letter to the Fox Corporation and News Media condemning Cable star Tucker Carlson. His crime? Discussing a "falsehood" - the so-called "Great Replacement" policy of undermining the political power and culture of White Americans.

You know it as the long-term Democrat Party plan to replace native-born Conservative Americans, most who happen to be White, with illegal aliens from south of the border, and now globally, for electoral gains. Anybody in place of Conservative American citizens is welcome.

Schumer was adamant in the letter that no such Biden sponsored Democrat plan was in place. Instead he blamed false White nationalist, far-right conspiracy theories for creating death and destruction in America. Had Tucker Carlson not heard about a few deadly actions instigated by Whites that killed citizens in Texas, Pennsylvania and New York? All because Fox knowingly peddles a "hateful ideology" that leads Whites into deadly action. But of course!

See the Schumer letter, mistakenly dated 2020 by his crack Senate staff:

<https://www.democrats.senate.gov/newsroom/press-releases/in-new-letter-to-rupert-murdoch-and-fox-news-executives-schumer-implores-fox-news-to-immediately-cease-dissemination-of-racist-great-replacement-theory-echoed-by-buffalo-mass-murderer>

Interesting strategy of blaming Tucker, Fox and White nationalists (and now I suppose all "MAGA" and "Extreme MAGA" Republicans, and anyone who does not vote Democrat?) for the murder of the 44 Americans detailed in the letter. Actually, 44 deaths equals a few weeks (or less) of black on black murders in Baltimore, LA, Philly (over 800 murders this year, Baltimore (over 250 murders this year), etc.

But I digress. Let's review what Schumer's correspondence conveniently forgot to mention.

Since Biden became President in January 2021, over 4 million illegal aliens have jumped, walked, and/or swam across the border with a major portion of those surrendering on the spot to ICE and Border Patrol agents. 2.4 million in FY22 alone, a record! The rest, about 1 million, whom we have zero background information (slightly less info than we know about the vast majority of border jumpers), skipped the entry formalities and headed to greener pastures away from the border. Boy do we miss President Trump's Remain in MEXICO policy and Border Wall building activities.

Ironically, the skippers or "got-away" types will eventually cross paths with the bulk of the border crossers. The only difference?

The fake "asylum" seeking jumpers (economic reasons for illegal journey to U.S.) who surrendered now have USG provided plastic bracelets, cell phones, cash, new clothes, food, bus and plane tickets to anywhere USA (except Martha's Vineyard), free passes to the Catholic Charities or other nearby money hungry alien supporting Non-Government Organizations (NGOs), maybe some official paperwork or possibly a DHS phone number to verify their location and a distant future court date, but definitely lots of baby formula, a hotel room & vouchers!

Life is good and in many ways better than homeless Americans and Veterans. NGO's don't make enough cash working to help American citizens compared to the lucrative market for illegals.

The 1 million "got-away" types on the other hand have plenty of fentanyl, false papers, guns, pimps and related sex slave and labor owners and more! What about the thousands of rapes and deaths of illegals trying to get into the U.S.

"Mexican drug cartels have killed more Americans than any terrorist group in history - and the death toll is rising every day." - Senator Tom Cotton (R-AR).

And lets not even mention the scam of Unaccompanied Minors entering and being allowed to stay. Maybe a few hundred a year but not the over 250 thousand allowed in recently! Talk about breaking up families. Send them home to their loving relatives!

Oh yes, DHS captured 100 terrorists at the border this year and they are NOT from Central America. Wonder how many made it through untouched?

Many say we are a "nation of immigrants" but that really describes the legal immigrants that officially filed for entry and received permission to enter this great nation over the decades. Just like my great grandparents and grandparents did. Today about one million immigrants annually enter the country legally. Folks that want to be in America for the right reasons.

To his credit, and unfortunately to our economic, social and cultural loss, Biden has now flipped the statistics where more aliens illegally enter the country then legally each year! It's not just inflation and gas prices rising to historic levels!

The U.S. Government is aiding and abetting the invasion of our country.

https://vdare.com/articles/beware-of-overclass-immigrants-who-want-to-dispossess-white-america?utm_campaign=8.2.2022+bulletin&utm_content=Beware+of+Overclass+Immigrants+Who+Want+To+Dispossess+White+America&utm_medium=email&utm_source=sendx

There is much more to the Biden "Great Replacement" agenda then just opening the border. It seems every few weeks another government program, regulation or policy is modified or eliminated by the administration, making it more difficult for federal and state level judges, law enforcement, government workers and others to do their job regarding illegal immigration. Being in the country illegally is not viewed as a deportable offense anymore. It's a step by step Soviet style dismantling of our border, immigration laws, freedom and rights.

For example, and in no particular order:

- No worksite enforcement
- "Notice to Report" to ICE for court date often not provided to illegals
- Deportation numbers for criminal aliens are declining to record lows
- Sex slave and labor trafficking of minors is skyrocketing
- Fentanyl related deaths of Americans due to smuggled drugs are at record highs.
- FEMA has been shipping illegals to all points nationwide. Surging Venezuelan illegals provided with "decompression buses and flights" to move them away from crowded border.

- DHS changed the "public charge" rule where illegals no longer have to sink or swim financially. State and local coffers will of course be further raided by this.
 - ICE officers pulled from security duty to instead chase down court evading illegals at bogus addresses they provided
 - New DHS secure docket ID cards for illegals to allow travel and access to USG services
 - Eliminated 10 year wait outside the country for illegals caught in U.S. before eligible to apply for return
 - Allows Temporary Protected Status (TPS) aliens to leave country and return with upgraded legal status
 - DHS fails in nearly 20% of immigration cases to file basic paperwork thus allowing illegals to walk free
 - DHS extended work permits for asylum seekers like DACA without following the regulatory process
 - DHS allows career civil servants to process asylum paperwork like judges to grant legal status, thus destroying interior enforcement and removal
 - DHS designated the majority of DC off limits to ICE officers when arresting illegals - "no-go zones"
 - US Marshals Service can no longer hold illegals on behalf of ICE. Federal Bureau of Prisons may be next
 - Federal Labor Relations Authority eliminated the National ICE Council which represents deportation officers and erases "whistleblower" representation by union
 - Politized the Justice Department Executive Office for Immigration Review to a point that immigration judges are resigning
- Effectively works in "partnership" with migrant smugglers so they gain quick "catch and release" for clients, making billions for Cartels

You Get The Picture??

Bottom line: Joe Biden/Kamala Harris and the Executive Branch (DHS Secretary Mayorkas in particular), and the Democrat controlled Congress, have essentially sanctioned an invasion of America and are doing little if anything to admit it, let alone stop it.

Arizona Sues Biden Administration To Protect Temporary Border Barrier

Arizona is doing the work to secure the border that Biden regime refuses to do. Placing trailer barriers to stop illegals entry into the country. So of course Biden is trying to stop the good citizens of AZ from protecting themselves. AZ is now suing the Administration to cease and desist.

Big Business continues to support Illegal Immigration

Since 2012, when the Obama Administration illegally started the Deferred Action for Childhood Arrivals (DACA) program, the USG has allowed illegal alien kids of families to stay in the U.S. There are hundreds of thousands of these young border jumpers. Biden has tried to revive the program to allow for even more illegals to sign up thus being free from deportation. DACA also allows illegals to get a work permit and many USG services.

The Federal Courts finally said enough of this nonsense (thank you President Trump). DACA Program is frozen and there is no pathway to citizenship for the hundreds of thousands of these now grown up illegals. Sounds like justice to me. There should be no pathway to citizenship during the lifetime of these DACAs. My goodness, their kids are automatically citizens (this has to change as well) and with the border wide open why would rational citizens bestow citizenship on any illegals?

But Big Business wants more illegals to do the work actual American citizens want to do but have been priced out of market by DACA and other illegals. But of course. See how many companies signed the attached letter. Big Business needs to stay out of the illegal immigration debate.

MARTHA'S VINEYARD

"DEMOCRATS HAVE NOT BEEN THIS ANGRY SINCE
ABRAHAM LINCOLN FREED THEIR SLAVES"
- Charles Hurt, Wash Times

"It's Who We Are" - The arrival of 50 illegal aliens from Venezuela to wake Martha's Vineyard required the Massachusetts Governor, at the frantic behest of local citizens, to call out the National Guard to quickly remove them to a nearby military base. Yes, 50 illegals, not 500, not 5,000, not 50,000, not 500,000, not 5,000,000 (Biden's approximate two-year total), but 50. This is the textbook definition of racism.

The White House tried to blame the GOP Governors of AZ, FL and TX for this abuse of 50 illegals shipped to Martha's Vineyard. Hahahaha.

Illegal Aliens in Action - Sanctuary Montgomery County

It happens all over North Carolina, but it seems to have completely stopped here in Montgomery County, Maryland. I am talking about illegal alien rapes/sexual assaults of minors. Sanctuary Montgomery was known nation-wide for this horrible problem. But there seems to be no cases publicly reported anymore. Why is that? Did the rapes/assaults actually stop? Was something added to the water system besides fluoride?

In July, for example 18 illegals = 62 acts of child rape in North Carolina.

See <https://www.ncfire.info/july2022.pdf>

Lovely pictures of the perps and their crimes detailed

In Sanctuary Montgomery County I can only assume our illegal alien child rapists have all become celibate priests as we have no reported child rapes/assaults by illegals for almost two years. The power of religion or maybe hidden reporting by County Executive Mark Elrich (D) and the entire County Council (D)? Stay tuned.

Sanctuary DC

"The governors of Texas and Arizona have created this crisis," Nadeau claimed. She said that they weren't getting any help from the federal government. She said that they'd "learned from border towns." "In many ways, the governors of Texas and Arizona have turned us into a border town." - D.C. City Council Member Brianne Nadeau

If DC is so concerned by a few thousand illegals bused to DC, why is Mayor Bowser and the City Council working to get illegals the right to vote?? Bowser wants illegals to vote if they have been in jurisdiction for 30 days or more!

Sanctuary Baltimore - Will Illegals, like the black Squeegee "kids", qualify for sneakers too? If yes, TX Governor Abbott (R) and other governors should help illegals travel to "Charm City".

Interesting Video by Candidate Blake Masters for U.S. Senate in Arizona.

Help Save Maryland of course does not support or promote any candidates. However, the Blake Masters video points out a simple road sign installed by the U.S. Bureau of Land Management (BLM) in southern Arizona notifying visitors of the illegal alien hazard in the region. Seems BLM has given up securing the area for American citizens.

I encountered similar signage when visiting Organ Pipe Cactus National Monument on the southern border of Arizona with Mexico. Warnings about possible encounters with large groups of illegals being brought through the region heading north. Thanks a lot for nothing! Secure the border.

"Refusing to kneel during the national anthem or to salute the Stars and Stripes is not illegal, but it is not sustainable for the nation's privileged to sit in disgust for a flag that their betters raised under fire on Iwo Jima for others not yet born. Sometimes citizens can do as much harm to their commonwealth by violating custom and tradition as by breaking laws".

"Many Americans do not know or worry much about the consequences of radical demographic, cultural or political influences for the status of citizenship.
