"We want to stop the flow of humanity coming across the border, the drugs, and the fact that 300,000 children have been placed with sponsors in the United States, and the Biden administration has lost track of them. This is a catastrophe, and it's a result of the Biden open border policies. The president has failed to faithfully execute the laws as required of him by the Constitution. And we intend to use every tool in the toolbox to try to make him do his job."

-Senator John Cornyn, TX

Invasion Across the Nation - From Sea to Shining Sea

"7 indicted in attack on 2 NYPD officers in Times Square"

"Five of the defendants, who had previously been arrested, face felony charges, officials said."

We the citizens have a better idea. Don't let these creep alien gang members in the country in the first place.

[New USCIS data show progress on customer experience, employment-based immigration, naturalization, and humanitarian work](#)

Check out this BS press release from the U.S. Citizenship and Immigration Services (USCIS). This DHS organization through their "improvement of service" is clearly assisting with the southern border invasion. More than 10 million illegals brought into the country in the last 3 years. These USCIS jokers are actually proud of their work!

As a former federal employee I would have never been part of such lying, deceitful, and un-American activities while on the job. This whole organization needs to be flushed and rebuilt.

WASHINGTON— Today U.S. Citizenship and Immigration Services (USCIS) is releasing end of fiscal year (FY) 2023 data that illustrate the agency's progress in meeting its strategic priorities. The USCIS workforce has worked tirelessly over the past year to uphold America's promise as a nation of welcome and possibility by reducing backlogs, improving customer experience, addressing humanitarian needs, and strengthening employment-based immigration.

"I'm so proud of the USCIS workforce and our dedication to fairness, integrity, and respect for all we serve," said USCIS Director Ur M. Jaddou. "We've completed a record number of cases, responded to emerging crises around the globe with essential humanitarian relief, and applied innovative solutions to improve customer experience and reduce backlogs." **AKA skirt the rules and regulations!**

Reducing Backlogs - **AKA bringing in illegals as fast as they can!**

In FY 2023, USCIS received 10.9 million filings and completed more than 10 million pending cases- both record-breaking numbers in the agency's history. In doing so, USCIS reduced overall backlogs by 15%.

Improving Customer Experience - **AKA illegals can "check-in" minutes after crossing the border**

USCIS implemented several new technology solutions that meaningfully advance the customer experience for those navigating our immigration system. Our new self-service tool for online rescheduling of biometrics appointments was used to reschedule over 33,000 such appointments in FY 2023. Our new enterprise change of address capabilities enabled over 430,000 address changes to be submitted online through Dec. 2023.

Strengthening Immigration for Workers and Employers - **AKA Even more "legitimate" foreign workers, young and old, for longer periods to displace Americans.**

In FY 2023, USCIS and the Department of State helped meet the needs of U.S. employers by issuing more than 192,000 employment-based immigrant visas - far above the pre-pandemic number - and, for the second year running ensured that no available visas went unused. The agency further supported U.S. employers and noncitizen workers in FY 2023 by increasing the maximum validity period of Employment Authorization Documents (EADs) to five years for adjustment of status applicants. We proposed a new rule to strengthen worker protections and the integrity of the H-2 temporary worker program.

USCIS updated the agency's interpretation of the Child Status Protection Act to prevent many child beneficiaries of noncitizen workers from "aging out" of child status, allowing them to seek permanent residence along with their parents. **AKA Anyone who shows up will get a job, services and a chance to vote.**

Fulfilling Our Humanitarian Mission - AKA The only displacement taking place is that of Americans by illegals pouring in

USCIS continues to address growing humanitarian needs around the globe, as individuals seek protection in the United States from oppression, violence, and other urgent circumstances. At a time when the world is experiencing the greatest displacement of people since World War II, our agency's dedicated employees continue to advance our humanitarian mission and provide protection to vulnerable populations. **AKA Our first priority is NOT the safety and well-being of Americans**

USCIS interviewed over 100,000 refugee applicants - more than double the amount completed in the previous fiscal year - resulting in the admission and resettlement of over 60,000 refugees. As of the end of FY 2023, USCIS completed more than 52,000 asylum cases; this included prioritizing process of asylum cases for Afghan alliance and their families. USCIS also completed a record-breaking 146,000 credible fear and reasonable fear screenings of individuals expressing a fear of return after being encountered at the border. **AKA So what if almost all fear of return cases are bogus, just let them in to be fruitful and multiple**

In FY 2023, USCIS continued to support Biden-Harris Administration efforts to establish lawful pathways that allow for the safe and orderly processing of individuals into the United States through the implementation of new processes for Cubans, Haitians, Nicaraguans, and Venezuelans (CHNV); the creation of new family reunification processes for individuals from Colombia, El Salvador, Guatemala, and Honduras, and the modernization of existing processes for Cuba and Haiti. **AKA Sneaking folks in the back door away from TV cameras.**

USCIS is also a key partner in the Safe Mobility Office initiative, one of the many ways the United States is facilitating access to safe and lawful pathways in partner countries in Central and South America to prevent refugees and vulnerable migrants from undertaking dangerous journeys and discourage criminal smugglers who endanger the lives of vulnerable noncitizens. USCIS also announced enhancements to the Central American Minors Program, including expanding eligibility criteria for such children to qualify for access to the U.S. Refugee Admissions Program. **AKA Why risk a long journey when you can get a Biden invite sent to your home**

USCIS will continue to build capacity for processing historically high referrals for protection screenings at the southern border, while focusing remaining resources on the unprecedented number of pending affirmative asylum applications. USCIS will continue to increase refugee adjudications to support the target of admitting 125,000 refugees this fiscal year. USCIS also plans to increase refugee processing in the Western Hemisphere through the Safe Mobility Office initiative and is on track to admit between 35,000 and 50,000 refugees from the Western Hemisphere this fiscal year, the largest number from this region in history. **AKA We can't stop ourselves!**

<https://www.uscis.gov/EOY2023>

"3.5 million migrant work passes help lift economy"

Another questionable USG report to support illegal immigration by the Congressional Budget Office (CBO). No mention of overall costs to Americans - public schools, healthcare, housing, food, energy, drugs, child trafficking, remittances out of U.S., crime, etc.

https://washingtontimes-dc.newsmemory.com/?publink=322bc8468_134d17b

"Map Shows How Much Undocumented Immigrants Cost in Each State"

Good old Maryland is ranked 10th in annual spending for illegal aliens, \$2,143,152,391, behind - CA, TX, NY, GA, NJ, MA, FL, IL and AZ.

While this is a Newsweek article, the data was compiled by the Federation for American Immigration Reform (FAIR). Go to the HSM "More Resources" page for the link to FAIR - <https://www.helpsavemaryland.org/>)

<https://www.newsweek.com/map-shows-how-much-undocumented-immigrants-cost-each-state-1868673>

Montgomery County, MD

"Decade After Original Deportation Order, ICE Finally Nabs MS-13 Criminal"

Of course the Montgomery County Circuit Court ignored ICE's detainer and released the MS-13 criminal to the wind. ICE had to find him yet again at his home in Silver Spring. Easier to Build the Wall and not let illegals in at all!

<https://dailycaller.com/2024/01/19/decade-after-original-deportation-order-ice-finally-nabs-ms-13-criminal/>

Show Me The Money!

HSM Correction - I must have blinked and missed the MoCo County Council transfer of \$2.3 million of our tax dollars to an illegal alien shelter that burned through their FEMA funding.

<https://www.mymcmedia.org/county-allocates-2-3-million-to-migrant-respite-center-that-lost-federal-funding/>

"Council Unanimously approves more non-competitive money for CASA"

Despite a pledge to review CASA's activities and spending for their blatant political support of the terrorist group Hamas more "Pesos" were provided! CASA received another \$430K+ as MoCo is bursting at the seams with illegals who need more services. What hypocrites, including the Jewish members of County Government.

<https://montgomeryperspective.com/2024/01/24/council-unanimously-approves-more-non-competitive-money-for-casa/>

"MoCo Nonprofit To Relocate HQ to Gaithersburg After Building Purchase"

Second to only CASA in obtaining tax \$, Identity Inc, which specializes in helping illegal alien MS-13 gang members, has saved up enough of our tax dollars to buy a building (with

expanding parking for their fleet of buses) in Gaithersburg. Seems Identity's old building is bursting at the seams. In a sick way, I guess that's better than the \$5m building CASA uses in Rockville with a free 99- year lease provided by the Montgomery County Council.

<https://patch.com/maryland/gaithersburg/moco-nonprofit-relocate-hq-gaithersburg-after-building-purchase>

Drug Deaths Caused by Open Southern Border - Impact on Maryland

Read about the tragic and unnecessary death of Marylander Tyler Martin, sign the Change.org petition, and help Kelly Bostic (Tyler's mom) and all Maryland citizens fight for justice.

NOTABLE QUOTE:

"Again, the simple reality is that President Biden has not enforced the current laws, so we should have no illusions that he would enforce any new laws, even ones created with his own nominal support. You can't make deals with folks like Mr. Biden.

Moreover, the presence of 6 million to 12 more illegal immigrants — and the scalding genius of Texas Gov. Greg Abbott, who nationalized the problem of border security by transporting trespassers to sanctuary cities and states — has fundamentally changed the border security debate.

An entire new generation of Americans has been radicalized on the issue, which means that any durable solution is likely to include provisions addressing repatriation, birthright citizenship and the absolute necessity for nationwide E-Verify to ensure that the business community is part of the solution and not part of the problem."

- Michael McKenna, President MWR Strategies

.....

TAKE ACTION! - New Montgomery County Ballot Initiative

A Local Group is pushing a nonpartisan ballot initiative to mandate a maximum two-term limit for County Executive in Montgomery County. Similar to the two-term rules for President, MD Governor, and most County Executives state-wide. If enough signatures are collected, it will be placed on the 2024 ballot for all legal Montgomery County Maryland voters to decide. For more information and to sign/postal mail ballot petition from home see link below:
