

Why RxCCP?

The healthcare market has changed for patients

- 28 million uninsured in the USA
- 50% of insured Americans have high deductible plans with poor prescription coverage
- Even with full cover, there are hundreds of drugs that are not covered
- Many patients believe their medications are too expensive

RxCCP provides a solution...

- Easy-to-use mobile app, helps members find the best cash prices at local pharmacies
- Savings up to 80% off prescriptions (avg. 54%)

EXAMPLE

Lipitor:

- **\$112** at one pharmacy and
- **\$9.38** at another in the same area

Program Features for Cash Clients

- ✓ **Up to 80% discount** – at 62,000 pharmacies
- ✓ **Mobile App** – with all features at your fingertips
- ✓ **Comprehensive Search** – for drugs and conditions
- ✓ **Rewards Program** – earn points when prescriptions filled
- ✓ **Education** – on conditions, drugs, side effects, etc.

Patients fall into three main categories:

- 1 **Fully insured** – with good prescription coverage, but some drugs still not covered
- 2 **High deductible plans** – inherently with poor prescription coverage
- 3 **Uninsured** – no prescription coverage

RxCCP Benefits for:

The Member – cheapest price for drugs that they are not covered for

The Employer – helps employees and improves their health and welfare

- ✓ **How to start saving** - Step #1 **Register Here**
