- ✓ Your own T Track Module

Johnson City Railroad Experience

207 N Boone St.
Johnson City, TN 37643

More Information 423-631-5273

*this is not a hard rule, call if you think your child is a good fit!

What is S.T.E.A.M camp?

We like to say that S.T.E.A.M. is where art meets the sciences! Just like water and fire in a locomotive's boiler, together something incredible happens. Throughout the course of the camp your children will have a blast learning science skills like coding, wiring, programming, and speed calculations while also getting to express their creative side through the creation of their own model railroad module.

What is T-Track

T-Track is a universal model railroad modular system that is used worldwide. The best part is that instead of building huge layouts, each module is about a foot long and six inches wide. Your child will create one fully complete module that can be used at T-Track clubs and events world wide, including at our Big Train Show in May!

Sample Schedule

July 22nd - Tuesday

AM: Welcome Games

PM: Module Work: track laying

July 23rd - Wednesday

AM: Tweetsie Hike

PM: Module Work: ground cover

July 24th - Thursday

AM: Train Tracking

PM: Module Work: Structures

July 25th - Friday

AM: Local Railroad Visit

PM: Module Work: Final Touches

July 26th - Saturday

Show off what you've built to the public while you run trains on your new layout!
