Do you suffer from gout?

You may qualify for a clinical research study.

The EXPLORE study will observe the safety and effectiveness of using the medication lesinurad in combination with a xanthine oxidase inhibitor (XOI), compared to using an XOI alone, to lower uric acid levels in the blood of adult patients with gout and kidney disease.

You may be eligible to participate in this study, if you meet all of the following criteria:

- You are between 18-85 years of age
- You have been diagnosed with gout
- You have problems with your kidney function
- You are taking either allopurinol or febuxostat

For more information about the EXPLORE study, please contact:

Valentine's Day

Sharing The Joy
Poetry By Cheryl Murph

So fresh are the memories of spelling out all the names of my friends when i was in elementary school.
As i sat at our kitchen table going through all my Valentine cards i remember picking out my favorite for that certain cute little boy i knew.
Then as i grew everything around me grew and changed as well.
From those little paper cards to a box of chocolates, then came the red roses.
Once any woman receives fresh flowers they never forget that smell.
Valentine's Day is a day to remind your sweetheart just how special they are and how much you love them so.
Yet i bet that if Jesus had a Valentine's Day it would be very different from this traditional trend we all know.
He may say.....
instead of a card, or getting candy and flowers for your special someone, do something for someone you've never met.
If you are lead by my spirit you will touch ones heart in a way they will never forget.
Show love to a total stranger on this coming Valentines day.
Maybe ask, do you know Jesus, and can we pray?
If we would only love like he does we would express our love daily instead of making such a big deal on this certain day.
Can you imagine how the divorce rate would drop, how families would come together, enemies would forgive and strangers draw near?
May we all remember to follow our heart and spread some love wherever we go.
It could be when meeting a stranger we are entertaining an angel, you never know!

Happy Valentines Day!

Remember til our paths cross again, Philippians 4:4-10

Learn how you can contribute to the future of cancer diagnostics.

If you are between the ages of 35 and 79 and have recently been diagnosed with lung cancer, or if your doctor suspects you may have lung cancer, consider participating in a clinical research study to help in the advancement of diagnostic testing and cancer detection.

This study requires only a single visit where a blood sample will be taken. To participate, you must have CT suspicion of lung cancer or have a recent CT showing a pulmonary nodule ≥ 4 mm.

Financial compensation will be provided to qualified participants. Learn more today about how you can participate in this study and help shape the future of cancer research.

Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

EAT WHATEVER YOU WANT!

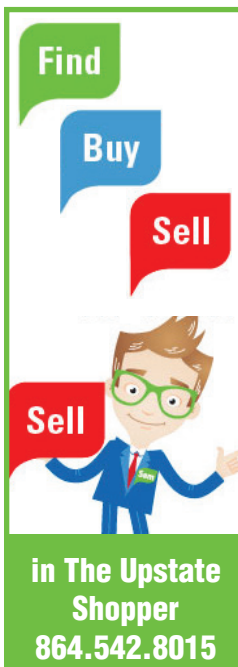

New Mini Dental Implant Technology
Enjoy secure eating comfort again.

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.
