## Do you suffer from gout?

You may qualify for a clinical research study.

The EXPLORE study will observe the safety and effectiveness of using the medication lesinurad in combination with a xanthine oxidase inhibitor (XOI), compared to using an XOI alone, to lower uric acid levels in the blood of adult patients with gout and kidney disease.

You may be eligible to participate in this study, if you meet all of the following criteria:

- You are between 18-85 years of age
- You have been diagnosed with gout
- You have problems with your kidney function
- You are taking either allopurinol or febuxostat

For more information about the EXPLORE study, please contact:

**Mountain View Clinical Research**  
405 Memorial Drive, Ext.  
Greer, SC 29651

## Joe

*Sharing The Joy*

*Poetry By Cheryl Murph*

A man once was given a surprise by his close friend.  
A dog of various mixes of breed.  
He was a Heinz 57 indeed.  
It was obvious he would never place first in show.  
Such a humble, yet unattractive soul.  
Just an ugly mutt is all his owner could see.  
Yet he got him a nice doghouse and placed it beside  
a hugh water oak tree.  
Since he was a gift from a dear friend  
the man could not tell him no.  
To keep it simple he decided to call him "Joe".  
He gave Joe fresh water and food everyday.  
Yet the fact the dog was ugly created a negative attitude  
that stood in the mans way.  
As the dog sensed it, he began to become depressed.  
The unwanted feeling brought weight loss and stress.  
Joe's head was too big, his body too small.  
There was nothing about the dog the owner  
seen in a positive way at all.  
The fact he was extremely loyal was never noticed nor the fact  
he would always bark when someone would come around.  
Needless to say Joe was eventually taken to the pound.  
One day a father and his little boy decided to get themselves  
a dog they could call their own.  
As they looked into the cages and saw the sad eyes of each dog  
they wanted to take them all home.  
Then all at once the child had an instant bond with Joe  
right then and there.  
Finally someone loved his big head, small body and matted hair.  
Some ten years later Joe saved his family from a horrible fire one night.  
From the intake of carbon monoxide and multiple burns  
Joe had lost his life, but he won his fight.  
While the press talked of this modern day hero,  
Joe also made the front page news.  
He was a mutt.  
Yet there was nothing for his owner he would not do.  
The previous man that was so negative of the dog felt much shame.  
He wish he had shown love to this special animal.  
After all he gave him his name.  
I am sure we all have had a Joe, maybe it was a friend,  
a family member or maybe a husband or a wife.  
So find the good and let go of the negative or else you may loose the greatest  
blessing our Lord is trying to give you in life.

Remember til our paths cross again, Philippians 4:4-10

## CAMPERDOWN FALLS

General Dentistry • Esthetics & Implants

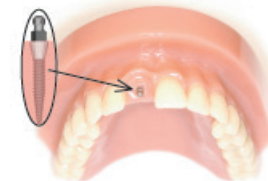

M. Thomas Edwards, Jr., D.M.D., P.A.

19 Cleveland Street  
Greenville, SC 29601  
864.232.6911

### Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

**F.I.R.S.T.**  
**Certified Dentist**  
**Call today!**  
**864-232-6911**

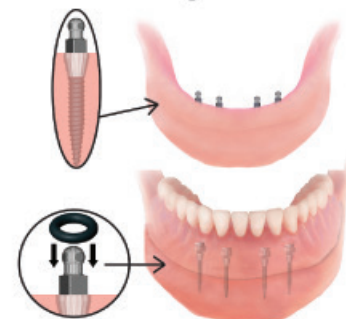

### EAT WHATEVER YOU WANT!

**New Mini Dental Implant Technology**  
**Enjoy secure eating comfort again.**

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.

## Learn how you can contribute to the future of cancer diagnostics.

If you are between the ages of 35 and 79 and have recently been diagnosed with lung cancer, or if your doctor suspects you may have lung cancer, consider participating in a clinical research study to help in the advancement of diagnostic testing and cancer detection.

This study requires only a single visit where a blood sample will be taken. To participate, you must have CT suspicion of lung cancer or have a recent CT showing a pulmonary nodule  $\geq 4$  mm.

Financial compensation will be provided to qualified participants. Learn more today about how you can participate in this study and help shape the future of cancer research.
