Finding Hope

Sharing The Joy
Poetry By Cheryl Murph

I do realize Lord, I don't have a bad life,
I'm just having a bad day!
These times will come around but I refuse to let Satan stand in my way!
Depression once claimed my identity and completely robbed me of any type of happiness at all.
How one escapes its hold can seem impossible.
I was in isolation and lived within my own prison walls.
Nothing in this world I was trying would make it go away.
I felt so hopeless, so alone and hated living day after day.
Only one, and I mean "one" source can make it disappear.
That is to ask Jesus Christ into your heart.
He only hears those who are honest and sincere.
To realize the need and the want to change is the easy part.
Living for the Lord a 100% and being persistent to him day in and day out is a growing process.
Just for the day, there is hope, read his word, pray, ask for knowledge and thank him because you are blessed.
God usually doesn't give me deliverance right away.
He knows that in my time of waiting I learn to trust him and and renew my faith day by day.
If you are struggling with depression then I assure you if you really want a cure you must do your part and allow him to do the rest.
Medication does help but with God in it I guarantee your results will be the best.
No one has to be a partner to depression because there is hope and we all have a choice.
May whomever reads this know, be still,
be delivered and wait to hear Gods voice.

Remember til our paths cross again, Philippians 4:4-10

Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

EAT WHATEVER YOU WANT!

New Mini Dental Implant Technology
 Enjoy secure eating comfort again.

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.
