FURNITURE

Mothers
Sharing The Joy
Poetry By Cheryl Murph

I have always heard it said that a Mothers love is next to Gods love, and since I am a Mother I believe it to be so. That unforgettable experience that a woman receives when first laying eyes on her new born baby is something only she can know. It is in that very second, she realizes her life no longer comes first. Her love grows and grows from that second on until her final ride in the funeral homes hearse. A Mother will go hungry yet she will find a way to see her baby is feed. A Mother will sat up all night to watch over her sick child as he or she sleeps safely in their soft clean bed. She see's good in her offspring, though the rest of the world may see bad. She is a doctor, a healer, a teacher and the best friend her child has ever had. She is a confidant, an adviser and someone who is always there. She struggles through hardships like never before for her children. Though at times it may seem almost more than she can bare. A praying Mother will never give up, when all others do. Through her faith she prevails and expects nothing less than a miracle for her child weather they be forty five, fifty or two. God bless Mothers not just on Mothers Day but on everyday as well. Because a Mother with a love next to Gods love is always easy to tell

Remember til our paths cross again, Philipians 4:4-10

Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

F.I.R.S.T.
Certified Dentist
Call today!
864-232-6911

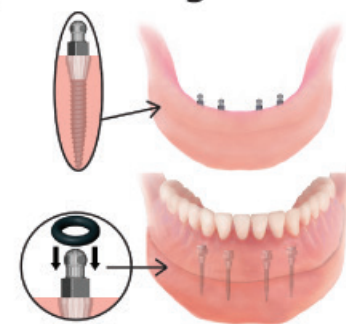

EAT WHATEVER YOU WANT!

New Mini Dental Implant Technology Enjoy secure eating comfort again.

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.

Let Us Be Your Second Opinion.

Learn how you can contribute to the future of cancer diagnostics.

If you are between the ages of 35 and 79 and have recently been diagnosed with lung cancer, or if your doctor suspects you may have lung cancer, consider participating in a clinical research study to help in the advancement of diagnostic testing and cancer detection.

This study requires only a single visit where a blood sample will be taken. To participate, you must have CT suspicion of lung cancer or have a recent CT showing a pulmonary nodule ≥ 4 mm.

Financial compensation will be provided to qualified participants. Learn more today about how you can participate in this study and help shape the future of cancer research.
