## Boating Better With Quality Fuel

By Don Onken

(NAPSI)—I have spent many years of my life racing boats professionally and enjoying boats recreationally. My love for being out on the water has been passed down through my family, and it is truly a way of life for all of us. As the owner of the American Ethanol Mystic Powerboats 51-foot Catamaran, I am always pushing to get every last ounce of performance out of the boat. There is a significant amount of highly technical work that goes into building, preparing, maintaining and driving a record-setting boat that frequently surpasses 200 mph out on the water in competition. Ironically, one often overlooked component of boat maintenance and performance is actually one of the simplest elements—the fuel.

### Understanding Ethanol

We run our competition boat on a fuel blend that has a high concentration of ethanol, which is a renewable biofuel made from plants that reduces greenhouse gas emissions. Ethanol has higher octane than standard gasoline so it helps us gain horsepower and speed in the boat. It also burns cleaner and cooler, which is a smarter choice for our engines. And, since ethanol displaces toxic chemicals in gasoline that have been linked to groundwater contamination, cancer and smog, it's a choice we feel good about in protecting the waterways that are such an important part of our lives.

Gasoline blended with 10 percent ethanol is commonly known as E10 or "regular unleaded" at the gas pump. Ninety-seven percent of the nation's gasoline supply contains 10 percent ethanol, so it's likely that

most boaters are at least familiar with the fuel. What some boaters may not know is that E10 is safe and approved for use in all marine engines, and has been warranted for use for nearly two decades. Meanwhile, E15 (made with 15 percent ethanol) is being increasingly offered by leading retailers across the U.S. because it allows them to offer higher-octane fuel at competitive prices—up to 10 cents per gallon less than E10. E15 is a great choice for anyone with a car model year 2001 and newer because it is higher octane than E10 at less cost, which is a clear benefit. However, E15 is currently not approved for use in marine engines, which is why fuel pumps are clearly labeled with the ethanol content of the fuel.

### Saving Money

Ethanol certainly has a place within the boating world. It's an inexpensive source of octane that also promotes cleaner, more environmentally friendly boating, something anybody should be able to get behind. Ethanol-free gasoline is frequently sold near marinas at significantly higher costs than E10, and boaters should be aware that E10 is a choice that could save them money at the pump and be perfectly suited for their boat. Every major marine manufacturer—Kawasaki, Mercury Marine, OMC, Pleasurecraft, Tigershark, Tracker, Honda, Yamaha and others—approves 10 percent ethanol blends in their marine engines.

Getting the Most From Your Boat  
Boating is a way of life for many families other than my own. Whether you're racing competitively or just

## Double Minded

Sharing The Joy  
Poetry By Cheryl Murph

Weather we are willing to admit it or not as Christians we all have something we are not proud of from our past. Some of our choices can bring us so much shame and guilt that these two feelings of hopelessness can last and last. It is not easy to forgive our self when we are always telling our self, had I only done it this way or that way instead. God always knows when we take our eyes off of him and let Satan get inside our head. Although God does have power over Satan, it is our flesh without Christ that allows him to have his way. It is the times of our biggest regrets and most painful hurts, that actually teach us how much we need God everyday. It is the Double Minded like I use to be all the time that constantly is going through the fire. Half the time my mind was on God and the other half I spent satisfying my worldly want's and desire's. The sting of sin, oh how hard it bites. I could blame others for my action's and if I couldn't then I could justify anything to make my conscience feel right. In The Old Testament it is filled with great people back in their time. Yet many just like us today had a Double Mind. Once saved our fight against our own flesh is great. But God being the loving God he is will never forsake us and when it comes to his forgiveness it is never to late. As true Christians we must renew our mind daily like we are told in Romans 12:2. How else will we ever become Single Minded and serve God the way he tells us too?

Remember til our paths cross again, Philippians 4:4-10

continued from cover

taking the family out for a day of fun on the water, proper care and maintenance for your boat is always of the utmost importance. And part of that equation is knowing which fuel meets your price and performance needs. Following the guidelines of your owner's manual, paying attention at the gas pump, and knowing the facts about which ethanol blends will work for you are all keys to keeping your boat running smoothly and reliably.

## CAMPERDOWN FALLS

General Dentistry • Esthetics & Implants

M. Thomas Edwards, Jr., D.M.D., P.A.

19 Cleveland Street  
 Greenville, SC 29601  
 864.232.6911

### Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

**F.I.R.S.T.**  
**Certified Dentist**  
**Call today!**  
**864-232-6911**

### EAT WHATEVER YOU WANT!

**New Mini Dental Implant Technology**  
**Enjoy secure eating comfort again.**

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.

## CALL TODAY 864-542-8015

## You have choices in advertising. Let us help you choose wisely.

You probably have over 100 channels of video content to choose from when watching TV. Which one is the best to use when you want to advertise?

There simply isn't one station that reaches all your target audience. In order to insure you reach all your customers you would have to spend your money on dozens of stations. That adds up to a complex and immense gamble.

Gambling on audiences that increasingly take action to avoid commercials just doesn't make sense. Channel flipping, ad skipping, snack and bathroom breaks keep your ads away from the audience you are paying for.

Your free community paper changes all that. You can reach your customers with one ad. Our audited circulation guarantees that your ad will be seen by more people and get results. The fact remains that free community papers are

frequently thought of as a results medium.

Advertise in the one place people look for our community information.
