A Beloved Dog, A Stolen Car And...A Happy Ending

(NAPSI)—It started out as a normal day for Mary Harrison—until she briefly left her car running outside of her home with her shih tzu Molly in the backseat and went inside for just a second.

When she came back outside, however, her car—and Molly—were gone. She called Verizon to see if her phone could help track her car, and a Verizon customer service representative saved the day.

"When Mary called in, I was taken aback with her car and dog being stolen," said the tech expert who answered the call. "I really felt for her. I work at home and my two dogs are at my feet all day."

They pulled up Harrison's account and saw that she had a Hum by Verizon device in her car. Hum is a vehicle diagnostic system from Verizon Connect. It takes the guesswork out of driving with connected car technology, so you can stay in touch with emergency services and your loved ones on the road.

For instance, if Hum detects a crash, it can notify emergency services and send help your way. With Hum's vehicle diagnostics feature you can check your car's health from your phone and detect issues before you go. You can also schedule maintenance reminders and Hum will text or e-mail you when it's time for a tune-up or an oil change. And if your car is stolen, as in Mary's case, Hum can send your car's location to local law enforcement.

"I knew with Hum there was a lot we could do to help her. I pulled up the step-by-step troubleshooting guide to reset her password and bring up the vehicle's location on her phone. As soon as she saw the car on her phone, she started to cry."

Molly the shih tzu resting happily, safely and comfortably at home.

The car was not far from Harrison's home. She could have walked there, but the customer service representative advised her to stay safe, call the police, and recover the car together. When Harrison got to the car, her dog was still there, safe inside.

"It made me feel great to be able to help her," the customer service representative said. "I know that if it were my dog in the car, that would be my biggest concern, too. I wouldn't even care about my car or my stuff, just getting my dog back safely. I was so impressed by how quickly and accurately Hum found her car. It's awesome that we have this great technology available."

The Ride

Sharing The Joy
Poetry By Cheryl Murph

Many years ago my horse and I were invited to go trail riding to a place I had never been before. The miles of dirt roads and narrow paths could make even the toughest cowgirl or cowboy sore. Any invitation pertaining to horses, how could I say no! When the date and time rolled around I was more than excited to go. We could have not ask for a more beautiful day. These ponies were fixing to work for their sweet feed and hay! After several hours of riding and being surrounded by hundreds of acres, we became lost in the middle of it all. Cell phone service was totally out of range so we had no way of making a call. As the sun began to set every trail we took just lead to another with no end in sight. I knew I had to trust my friend to get us safely back to our trailer that night. Being lost in the dark though not alone, still gave me an uneasy feeling of the unknown. I think about this ride I experienced years ago and realize before my salvation, I had these same feelings yet more intense with fear everyday. Where would I go if God decided this moment to take me away? The difference between my lost ride and my lost soul was the time spent riding seemed like all day and all night to me. Yet had I not accepted Jesus Christ as my Savior then I would have lived in hell for all eternity. Jude:1 through 7

Remember til our paths cross again, Philippians 4:4-10

Do You Know?

God almighty is a spirit. He created the good in this world and he created us. When he created us, he created a spirit in us as well. (John 3:14-20, John 3:33-36). God sent his son Jesus for our salvation, but only if we accept him. He gives us the power to accept him, but we can also reject him.

When Jesus ascended back into Heaven, he left his glory with us (Matt 1:18-25). When we confess Jesus Christ as our Lord and Savior, his glory comes into us and is manifested through our spirit. On the day of Pentecost, Jesus sent the Holy Ghost to be our comforter and spirit of truth (Acts 2:1-18). When we ask to be filled with the Holy Ghost it fills our spirit and burns it away from the flesh and sets it free.

However, from the beginning of time, there's been adversary, the devil, and angel who was cast down into this world along with a host of other angels. (Rev. 12:1-12). The devil is a deceiver and uses many names to deceive the world.

The spirit of abominations, which is of the devil, causes people to do abominable acts, which binds their spirit to the flesh. We are living in the season of the beast, who is the devil's creation. If you take the mark of the beast in order to buy or sell, you will lose your opportunity for salvation.

Do you have ears to hear? Can you hear the difference between good & evil? Are you aware that good is being called evil & evil is being called good? (Isaiah 5:20-21, Matt 12:28-43).

So many people in our larger cities are trying to destroy America. I've been called by Jesus to go into the hedges and by ways of the large cities to proclaim the Gospel and I need your financial help to do this.

If you have any questions, go to the king James Bible, especially the New Testament, to find the answers.

ADVANCED HEARING AID TECHNOLOGY

*"I was amazed!
Sounds I hadn't
heard in years
came back to me!"*
— Don W., Sherman, TX

For Less Than \$200 MDHearingAid® >>>

How can a hearing aid that costs less than \$200
be every bit as good as one that sells for \$2,250 or more?

The answer: Although tremendous strides have been made in Advanced Hearing Aid Technology, those cost reductions have not been passed on to you. Until now...

MDHearingAid® uses the same kind of Advanced Hearing Aid Technology incorporated into hearing aids that cost thousands more at a small fraction of the price.

Over 300,000 satisfied MDHearingAid customers agree: High-quality, FDA-registered hearing aids don't have to cost a fortune. The fact is, you don't need to spend thousands for a hearing aid. MDHearingAid is a medical-grade hearing aid offering sophistication and high performance, and works right out of the box with no time-consuming "adjustment" appointments. You can contact a licensed hearing specialist conveniently online or by phone — even after your purchase at no cost. No other company provides such extensive support. Now that you know...why pay more?

Can a Hearing Aid Delay or Prevent Alzheimer's and Dementia?

A study by the National Institute on Aging suggests older individuals with hearing loss are significantly more likely to develop Alzheimer's and dementia over time than those who retain their hearing. They suggest that an intervention — such as a hearing aid — could delay or prevent this by improving hearing!

TAKE ADVANTAGE OF OUR 45-DAY RISK-FREE TRIAL!

Hearing is believing and we invite you to try this nearly invisible hearing aid with no annoying whistling or background noise for yourself. If you are not completely satisfied with your MDHearingAid, return it within 45 days for a **FULL REFUND**.
