A Ball of Twine

Sharing The Joy
Poetry By Cheryl Murph

A ball of twine.

When at first glance it appears no more than a ball of string going in many different directions.

But once it is put to use it becomes a beautiful work of art revealing nothing less than its own perfection.

As each strain unravels it becomes very useful in it's own way. Yet it must wait on the knitters hands to bring forth a beautiful and colorful display.

For some of us, we have our own twisted and tangled ball of twine that hides itself in the corners of our mind.

Though few may never understand, the strings of shame, guilt, pain, and hurt. But for us who do, our ball of twine comes easy to unwind.

Like that of the Knitter's hands we must have help so we can take our ball of despair and knit it into a work of art.

But in order to have a beautiful display in life we must accept change that only comes from the heart.

Only Jesus Christ can take the unwanted strains and replace them with his unconditional love and caring way.

He can make the crooked straight and give us hope from day to day.

No one has to live with a twisted and tangled ball of twine in their head like I once had in mine.

If you really want help, just look up, for your answers on a healing has been there the whole time.

Remember til our paths cross again, Philippians 4:4-10

General Dentistry · Esthetics & Implants

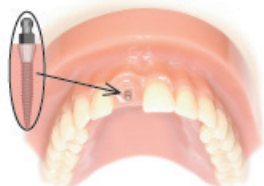

M. Thomas Edwards, Jr., D.M.D., P.A.

19 Cleveland Street
Greenville, SC 29601
864.232.6911

Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

F.I.R.S.T.
Certified Dentist
Call today!
864-232-6911

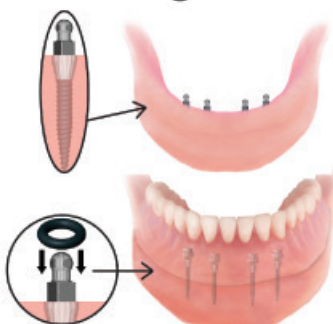

EAT WHATEVER YOU WANT!

New Mini Dental Implant Technology
Enjoy secure eating comfort again.

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.

Let Us Be Your Second Opinion.
