## Holiday Gift Guide: Toys That Teach

NAPSI)—This holiday season, toys that teach important STEM and STEAM skills are as popular with parents as they are with kids. Here are the top seven toys (that also teach) to consider giving this year!

**Wonder Workshop Dot Creativity Kit Robot:** Dot is a quirky robot ready to play right out of the box. Dot comes with costumes, stickers and 20 project cards for hours of creative enjoyment. Kids will learn about robotics and develop fundamental coding and problem-solving skills while having fun. Dot's projects range from crafting to code breaking and from storytelling to construction. Ages 6+.

**Wonder Workshop Dash Robot with Dash Challenge Cards Bundle:** This bundle will give kids hours of activities while teaching them the basics of coding in a fun and approachable way. They will learn about loops, events, conditions, sequences and more while they play. The box of Dash challenge cards includes 24 challenge cards, a solution guide and a sticker sheet. Ages 6+.

**Wonder Workshop Dash + Sketch Kit Bundle:** Sketch Kit is the latest accessory for Dash and Cue robots. Sketch Kit brings kids' imagination to life with the ability to create artwork with the help of a robot. You simply attach Sketch Kit to Dash or

Cue and let the creativity run wild. The bundle comes with a Dash robot, challenge cards and a Sketch Kit pack, giving kids hundreds of hours of STEM learning through engaging freeform play. Ages 6+.

**Boolean Box STEM Educational Computer Kit:** Kids can learn coding, electronics and animation. This build-it-yourself computer kit was designed with input from thousands of girls in coding camps and classes. Ages 6+.

**Kano Computer Kit Touch:** Make your own tablet. Kids learn to code with over 100 creative challenges and stories. Then they can use it to make art, games and music. Ages 6+.

**Tinkering Labs Electric Motors Catalyst STEM Kit:** With the help of 10 challenge cards, budding scientists can build all sorts of robotic creations, create their own unique toys, power electric model cars and more. Ages 8+.

**Makeblock Starter Robot Kit:** This DIY, 2-in-1, advanced mechanical building block kit provides a fun way for kids to learn robotics, electronics and programming while creating a real robot controlled by remote or smartphone. Ages 10+.

This season, it seems, the holidays can be full STEAM ahead.

**Who's Birthday?***Sharing The Joy**Poetry By Cheryl Murph*

As the Christmas Season grows closer so does the birthday of the greatest son ever known to man.

I am so thankful to live in a country where his story can be told and we are allowed to praise and worship him the way we can. This little baby boy that was born over two thousand years ago on Christmas day.

The one that would have to give the greatest sacrifice ever just so us sinners may be saved.

For nine long hours he suffered constantly as he hung on that cross. His dear mother Mary knelt and cried at his feet as she begged the soldiers to spare her loss.

Jesus, you deserve more than I could ever possibly give.

All because of you, the son of God am I able to live.

Not forever on this earth but in Heaven with you.

I will then be made perfect, sin free and my soul a new.

I hope many will remember you Jesus on your special day.

May a moment of silence be held in every heart in America on Dec. 25th and remember the true meaning of Christmas for in your name, Jesus I pray.

Remember til our paths cross again, Philippians 4:4-10

## CAMPERDOWN FALLS

General Dentistry · Esthetics & Implants

M. Thomas Edwards, Jr., D.M.D., P.A.

19 Cleveland Street  
Greenville, SC 29601  
864.232.6911

## Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

**F.I.R.S.T.**  
**Certified Dentist**  
**Call today!**  
**864-232-6911**

## EAT WHATEVER YOU WANT!

### New Mini Dental Implant Technology

Enjoy secure eating comfort again.

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.
