Miracles

Sharing The Joy

Poetry By Cheryl Murph

So many different times God has put before me a miracle that only he could have preformed. Two of my most amazing miracles was when my two little girls were born.

If we all stop and look around we will see many miracles everyday.

Have you ever wondered how a tree can grow in the middle of a rock surrounded by stone and red dirt clay?

How did Helen Keller have a personal relationship with God and her being deaf, mute and blind?

Read her story and her miracles you will find.

For some they call it Science, some call it luck and some say it is only a mere consequence.

But for us believers that know God can do the impossible, his amazing miracles always make sense.

I have witnessed some for myself.

He has shown me his works especially when I have felt as though I had nothing left.

He sends down his mighty works from above.

His way of expressing to us his truth and unconditional love.

A boy named David defeated a giant with one small stone.

Jonah lived for days in the belly of a whale and Daniel slept unharmed with the lions in their den.

Still today God does miracles in all of our lives just as he did back then.

Look for the tree in the rock, the colors in the rainbow and the thousands of stars in the sky.

It is up to each of us to either believe or try to analyze why?

Remember til our paths cross again, Philippians 4:4-10

Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

EAT WHATEVER YOU WANT!

New Mini Dental Implant Technology Enjoy secure eating comfort again.

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.
