**A Man on the Sidewalk**

Sharing The Joy

Poetry By Cheryl Murph

It was a Sunday morning that Ann waited patiently on her order at Hardees drive through. The rain had finally stopped and the sunshine was beginning to come out as the sky turned from gray to blue. It never crossed Ann's mind that today would be one of those days. Much less get inspired by a stranger in a most unusual way. While driving down the road she saw a man walking on the sidewalk all alone. She noticed his demeanor and appearance spoke volumes to her on it's own. He was a sharp dressed man from head to toe. But it was a book that he was carrying that impressed Ann so. His Bible.

I am sure he never knew the inspiration he laid upon her heart. While he was headed to church walking, she was driving her nice vehicle to go to Walmart. Her convictions and shame immediately took control of how this devoted man of God made her feel. She knew going to Walmart instead of church was out of Gods will. This man I am sure never knew how he had gotten Ann's attention because the fruit he bared was so honest and sincere. It was obvious his love for his Savior flowed without favor or fear. The fruit of his labor was all she could see. As she told me her story, this man I never seen also got my attention and I was reminded as well of where my walk with God should be.

Remember til our paths cross again, Philippians 4:4-10

## Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit!  
Using a non-surgical mini dental implant technique  
(F.I.R.S.T.), it is now possible to permanently replace  
anything from a single tooth to a full mouth restoration.  
Your beautiful smile can be seen in 1 or 2 short visits with  
minimal discomfort, without destroying healthy tooth  
enamel and without the long healing time or high cost  
typically associated with conventional dental implants.

**New Mini Dental Implant Technology**  
**Enjoy secure eating comfort again.**

In one short procedure, you can  
have a stable denture with no  
surgical sutures nor the typical  
months of healing.

The MDI System consists of a  
miniature titanium implant that  
acts like the root of your tooth  
and a retaining fixture that is  
incorporated into the base of your denture.
