## Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

## EAT WHATEVER YOU WANT!

### New Mini Dental Implant Technology

Enjoy secure eating comfort again.

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.

## Thankful

*Sharing The Joy*  
*Poetry By Cheryl Murph*

Dear Lord,  
As I open my eyes to the beginning of a new day,  
may I remember to be thankful.  
Even if nothing seems to go my way,  
may I remember to be thankful.  
When the adversary comes I will stop to pray,  
and remember to be thankful.  
May I lay aside my flesh during my temptation,  
and remember to be thankful.  
In my weakness may I over come any situation,  
and remember to be thankful.  
So when my day is over and my body longs for rest,  
I will remember to be thankful.  
All because of this one day spent with you Lord  
I lived in peace and gave you my best.

Remember til our paths cross again, Philippians 4:4-10
