## To All Graduates Everywhere

Sharing The Joy

Poetry By Cheryl Murph

Most all of us as believers know God lives in the sky far beyond the clouds in Heaven where the streets are paved of gold. But to know God desires a personal relationship with us is not always told. After high school, young Graduates are ready for their new journey to begin. With twelve years of education under their belt they say goodbye to faithful teachers and friends. Every year from this day forward their lives will bring new adventures and new ideas to explore. As young adults they will face hurdles to cross, and mountains to climb like never before. As they work on their own identity and grow more dependent on themselves everyday, they say goodbye to faithful teachers and friends they've met along the way. Yet it is only God that knows us all like no other. He knows every souls weakness as well as what makes one strong. Without him as our personal savior and confidant we often turn to the wrong source to help us along. The world is not a bad place but some of the people in it are. They seek out the weak and the innocent as their prey. and entice them their way is the best by far. Booze, pills, alcohol and drugs often convince our young people that these things are not only cool but fun. Yet when the girl becomes pregnant and the guy is hooked on drugs only then do they realize they have nowhere to run. Even the strongest God loving people give into sin. But when you personally know God the battle's against Satan become much easier to win. For every hurt and every disappointment you have yet to face God already knows. Be size it is he who loved you first many years ago. So Graduate, as you begin a new journey may you keep God in your heart and his word etched on your mind. For a friend that will love you unconditionally and always be there is a very rare find. Proverbs 16:9

Remember til our paths cross again, Philippians 4:4-10

### Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

### EAT WHATEVER YOU WANT!

#### New Mini Dental Implant Technology

Enjoy secure eating comfort again.

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.
