Roxanne

Sharing The Joy
 Poetry By Cheryl Murph

Roxanne grew up fast and hard. None of us know the hand of life we will be dealt but we can choose the way we play our cards. Roxanne's family was more on the lower class of scales when it came to morals, respect and work. Her dad was an alcoholic who could not hold a job and her mother's hours at the diner only came in spurts. Having four brothers her ways were a lot like a man. She had just as soon cuss you out as to shake your hand. By 18 Roxanne's life was spiraling out of control. Was being a high school drop out and living with her parents going to be the only life she would ever know? Not if she wanted more.... You see Roxanne made a decision one Sunday morning after listening to a preacher on her radio. He said each of us is in charge of the footsteps we take, but our destination only God knows. So she began walking away from all the things that held her down. She went to work at the local grocery store in town. Through the rain, sleet and snow she walked everyday. God watched her strive to be better and make a difference and before too long he knew the perfect car to send her way. As she grew in life she began to thank God for she knew it was him. She hoped and prayed as for as her family that maybe one day she would be a light in darkness to all of them. Each of us may be amazed at what our determination and self will can do. But when you think of the impossible, that is when God steps in and preforms a miracle just for you. Matt:19-6

Remember til our paths cross again, Philippians 4:4-10 To read more of Cheryl's work find her on Facebook. If you would like to have Cheryl write a special poem for your loved one, contact her at lulumoon1961@yahoo.com

Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

**New Mini Dental Implant Technology
Enjoy secure eating comfort again.**

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.
