**Everyday is not a Good Day!**

*Sharing The Joy*  
*Poetry By Cheryl Murph*

If anyone actually believes everyday is a good day chances are one is only fooling them self into believing it is true. We are filled with emotions and thoughts that run through our head and have us searching for answers as to what we can do. Things can pop up in our lives that we totally never expected can easily bring us down. Finances, sickness, our children, even our own personal battle that we struggle with when no one else is around. There are times when we feel as though we just can't go on. We exhaust our bodies trying to figure out a solution to our problem in hopes it will soon be gone. Weather we cause it, someone else causes it or it is an unexpected crisis that life has thrown our way, everyday can not be a good day but everyday can be a peaceful day. Real peace can rest in ones soul if they know Jesus and are willing to take their burdens to him in prayer. He is ONLY the answer when life seems to be more than we can bare. Drama, gossip and pride only feed our emotions to satisfy our mind. But when we seek our heavenly father it is through his Spirit that such an awesome comforting peace we find. We can choose to keep ourselves and our situation in an uproar or we can live everyday with peace in our heart. You may not find happiness but discovering true peace everyday is such an amazing start. John 14: 26,27

Remember til our paths cross again, Philippians 4:4-10

### Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

### EAT WHATEVER YOU WANT!

**New Mini Dental Implant Technology**  
**Enjoy secure eating comfort again.**

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.
