**A Sad Story**

*Sharing The Joy*  
*Poetry By Cheryl Murph*

Scott felt as if he had a pretty good life. He had a nice home, a good job and was living on his own. There was no one to tell him when to leave or when to come home. It was fine if he drank one beer or ten. I suppose this was the guy he had always been. As for as problems, he had none. However he did fall in love and get married. So there went his freedom along with his fun. In no time he and his wife had a sweet baby girl. Then two years later a healthy baby boy. Instead of his buddies occupying his home it was a room full of baby doll stuff and Tonka toys. The only problem was as Scott's family grew bigger his need to drink also grew more intense everyday. His attitude became bitter and he seldom had anything positive to say. The tension in this home you could cut with a knife. He took little interest in his children and it seemed as if he totally resented his wife. The only satisfaction he found was in an aluminum can. Without it he was a miserable man. The truth had become obvious that his desire to drink was greater than his desire to live. Alcohol is a selfish disease that takes away one's ability to love much less give. It brings with it toxic poison that flows through the air. When the wife gets tired enough her and the kids will no longer be there. Scott's alcohol will then magnify his self pity but a change will never come. His once wife will move on and when his children grow older they may or may not visit him some. Then this devastating disease can take claim of another weary soul. Round and around it goes, where it stops nobody knows.

Remember til our paths cross again, Philippians 4:4-10

General Dentistry · Esthetics & Implants

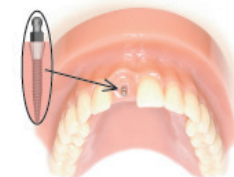

M. Thomas Edwards, Jr., D.M.D., P.A.

19 Cleveland Street  
Greenville, SC 29601  
864.232.6911

### Revolutionary Same Day Tooth Replacement

We can give you the smile you deserve in one easy visit! Using a non-surgical mini dental implant technique (F.I.R.S.T.), it is now possible to permanently replace anything from a single tooth to a full mouth restoration. Your beautiful smile can be seen in 1 or 2 short visits with minimal discomfort, without destroying healthy tooth enamel and without the long healing time or high cost typically associated with conventional dental implants.

**F.I.R.S.T.  
Certified Dentist  
Call today!

### EAT WHATEVER YOU WANT!

**New Mini Dental Implant Technology  
Enjoy secure eating comfort again.**

In one short procedure, you can have a stable denture with no surgical sutures nor the typical months of healing.

The MDI System consists of a miniature titanium implant that acts like the root of your tooth and a retaining fixture that is incorporated into the base of your denture.

## ADVANCED HEARING AID TECHNOLOGY

*"I was amazed!  
Sounds I hadn't  
heard in years  
came back to me!"*  
— Don W., Sherman, TX

**For Less Than \$200** MDHearingAid®

**How can a hearing aid that costs less than \$200**

be every bit as good as one that sells for \$2,250 or more?

**The answer:** Although tremendous strides have been made in Advanced Hearing Aid Technology, those cost reductions have not been passed on to you. Until now...

**MDHearingAid®** uses the same kind of Advanced Hearing Aid Technology incorporated into hearing aids that cost thousands more at a small fraction of the price.

Over 300,000 satisfied **MDHearingAid** customers agree: High-quality, FDA-registered hearing aids don't have to cost a fortune. The fact is, you don't need to spend thousands for a hearing aid. **MDHearingAid** is a medical-grade hearing aid offering sophistication and high performance, and works right out of the box with no time-consuming "adjustment" appointments. You can contact a licensed hearing specialist conveniently online or by phone — even after your purchase at no cost. No other company provides such extensive support. Now that you know...why pay more?

### Can a Hearing Aid Delay or Prevent Alzheimer's and Dementia?

A study by the National Institute on Aging suggests older individuals with hearing loss are significantly more likely to develop Alzheimer's and dementia over time than those who retain their hearing. They suggest that an intervention — such as a hearing aid — could delay or prevent this by improving hearing!

### TAKE ADVANTAGE OF OUR 45-DAY RISK-FREE TRIAL!

Hearing is believing and we invite you to try this nearly invisible hearing aid with no annoying whistling or background noise for yourself. If you are not completely satisfied with your MDHearingAid, return it within 45 days for a **FULL REFUND**.
