April 7, 2025

It has been at least, if not more than, 25 years since The Elba Clipper has adjusted its legal publication rates for the Probate Court. This letter is to let you know those rates will be increasing. I want to give you adequate time to reach out to the lawyers, clients, etc. to make them aware of the pending rate increases, therefore, the new rates will take effect July 1, 2025.

Please see the new rate structure below:

For the most common Probate Estate Legals with the three (3) consecutive week runs, the cost is increasing from \$30 to \$45.

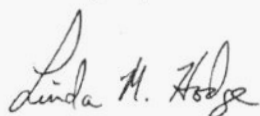

For the Probate Legals with one (1) week runs such as Summary Distribution notices, the cost is increasing from \$20 to \$25.

For Probate legal notices that run four (4) consecutive weeks, such as adoption cases, the cost will be \$60.

These costs above are specific to the Probate Court only.

If you have any that do not fall under the "norm" for Probate or if you are unsure regarding any legal notice and its cost, please feel free anytime to reach out to me, and we can discuss it and the cost. Anything outside the norm for Probate Court falls under our regular legal notice rate of 25 cents per word per week.

Thank you,

Linda Hodge, Publisher
