

WHO WE ARE

CLW provides Vocational and Adult Day Support Services to adults with intellectual and developmental disabilities. At all of our locations, your day can be structured to best suit YOUR needs!

By collaborating with our participants and their teams, we can ensure that those we serve get the most out of our programs and services. Let us help you reach YOUR GOALS!

OUR SERVICES

MEANINGFUL DAY

What is Meaningful Day? Our Meaningful day initiative involves engaging in planned, purposeful activities and events that foster learning, skill development, and self-empowerment, while also connecting with others and exploring interest.

TEACHING SELF-DETERMINATION AND SELF-ADVOCACY

At CLW, participants will meet monthly in a round table/group discussion where they exercise self-determination by providing input and are given choices and make decisions to improve their quality of life. Topics of discussion include meaningful greater community access, meaningful internal activities and schedules, and any other desired preference, need, or change within their CLW services. Participants are encouraged to choose to complete the provided Activity/Outing Survey.

A STEP UP TO SOCIAL CONNECTION

We incorporate this skill building curriculum into our daily schedule. The curriculums support our participants with complex needs. Additionally the structure of this program assists us in providing creative and engaging program options to help our participants achieve their outcomes.
