

Harper Community Chamber of Commerce

Donation Policy

Harper Community Chamber of Commerce (HCCC) mission is to support our member businesses and to better the quality of life for Harper. In order to do that the chamber will accept requests for donations to area non-profit and school organizations under the following policy.

No requests from individuals will be approved. Non-profit and school organizations must complete the HCCC Donation Request form at least 30 days prior to the event or the date amount is needed. Requestor must email copy of the completed form to the chamber secretary at harperchambernews@gmail.com. Request must then be presented at a HCCC meeting by a member of the organization. If there is a compelling reason why a member of said organization cannot be present at the meeting the request form can be emailed or delivered to a HCCC board member and they will present. HCCC members and board present at the meeting will vote on whether or not funds will be given. Completing a form does not automatically mean funds will be approved.

HCCC will have a budgeted amount of funds set aside each year for donations. That budgeted amount will be monitored throughout the year and will be taken into consideration before voting on any request. Decision by the vote at the meeting is final.
